

FISHERSVILLE QUARRY RULES

Everyone on quarry property must be accompanied by a fully insured divemaster, assistant instructor or instructor authorized by a participating quarry associate member and whose credentials and copy of insurance are on file with Kathy's Scuba Inc.

All diving will be carried out within recreational scuba diving standards as prescribed by the Recreational Scuba Training Council and its affiliated agencies.

A signed waiver and release of liability statement is required each time they use the quarry. Associate members and their Instructor, Assistant Instructor and Divemaster designees are required to complete a release once per year and kept on file with Kathy's Scuba.

Each diver must use, at minimum, a BCD, primary and alternate air source, auto inflator, pressure gauge, depth gauge and timing device. Each of these items must function properly.

Removal or damage to any property above or underwater is prohibited.

No climbing, hiking, jumping or diving from the quarry walls.

No glass containers are permitted on the quarry premises.

Trash cans are not provided. Trash will be removed by the parties generating it on a daily basis.

No firearms are permitted on the quarry premises.

Illegal drugs are prohibited.

No fighting or horseplay.

Pets are allowed provided they are kept under control and cleaned up after.

Children under 12 must be accompanied and supervised continuously by an adult.

Fires are allowed only in designated areas.

No fishing is permitted unless authorized in writing by Dive Connections, Inc.

Arrangements can be made for overnight camping through Kathy's Scuba.

No diving is allowed by anyone who has consumed any alcoholic beverages.

Violation of these rules will result in loss of quarry privileges
