

Dive the Gardens of the Queen and Discover Havana

[Avalon III](#) – February 21-28, 2026 – \$6,195

Add on: [Discover Havana](#) – February 18-21, 2026 – \$1,700

The Gardens of the Queen is the most unspoiled area of reef and marine habitat that exists in the Caribbean. Today it is only served by a few liveaboard and boasts the most lush and pristine hard and soft coral environment along with mangroves teeming with fish life from juveniles of most every Caribbean species, schools of grunts & snappers, large goliath groupers, rays and shark.. This is a bucket list for every diver. Live in comfort and elegance aboard the Avalon III.
